

- 1 D+H Mechatronic (english)**
- 1.1 Modbus-Gateway**
- 1.1.1 Modbus-Gateway - ACN-GW501-MRTU-0200**

for integrating AdComNet in Modbus networks

Performance features:

Universal gateway to Modbus networks;

Integrated AdComNet router and repeater;

In case of defect in another segment the functionalities within & below the segment stay intact;

Simple integration into AdComNet networks;

Technical data:

Supply: 24 V DC / ± 20 %

Input power: < 1 W

Modbus protocol: MODBUS RTU

Modbus interface: RS 485

data points: 400

AdComNet-Master: 1x

AdComNet-Slave: 1x

Housing material: bottom part = PPO / top part = PC

Type of protection: IP40

Temperature range: - 10 °C till 80 °C

Connection: Pluggable terminal

Installation: Top hat rail TS 35

Dimensions (WxHxD): 86 x 52 x 58 mm

Brand: D+H Mechatronic AG

Type: ACN-GW501-MRTU-0200
