

RT BE42-ST

In addition to the operating lights for alarm, fault and monitoring, the SHEV operation unit RT BE42-ST has an additional acoustic signal emitter.

Performance features

- + Acoustic signal operational standby ON / OFF
- + Function: SHEV OPEN, SHEV Reset
- + Display: Operational standby, alarm triggered and fault
- + Indicator diode blinks for SHEV alarm if acoustic signal is not operational

Technical data

RT BE42-ST

Input voltage	18 ... 28 V DC
Loudness	75 dB
Temperature range	-5 °C ... +40 °C
W x H	105 x 115 mm
Diameter	0 mm
Weight	0.09 kg
Art. No.	30.435.12
